**YOUR LIFESTYLE?**

*"I can't tell you the amount of people that came by the house and said to us "great job" or tooted their horn and gave us a thumbs up."  
-Ann and Russ M.*

Are you getting as much pleasure and entertainment value out of your property as you want? No? Then get ready for an incredible makeover. Add a stunning patio. Install a statement-making garden. Build an iconic stone wall. Bring the party outside to a beautiful and functional outdoor entertainment area. **Let's make your exterior SUPERIOR.**

By bringing your creative vision to life, we make **your dreams a reality.**

## **MORE VARIETY & AFFORDABLE VALUE**

We offer an extensive variety of stones and materials to match your personal style AND fit within your budget. Our nearby stockyard and unlimited access to materials gives us the flexibility to customize your design, ensuring a distinctive look for every home.

We are a Bluestone Dealer in Connecticut which means we offer more aggressive pricing and better quality stone. Please visit our showroom where you can SEE and FEEL our products and make the best decision for your project.

## PEACE OF MIND

As our customer, you will remain our top priority during every phase of your project and we will do everything we can to exceed your expectations. While it is exciting to think about the finished project, it can be stressful having workers at your property for days or weeks at a time. So please put your mind at ease with Torrison Stone & Garden. Before we start your project, you will receive a “what to expect” list outlining various details of your project. You will find that our employees exhibit the utmost professionalism. Also, any questions that arise can easily be addressed with a quick call to our office.

## EXPERIENCE

All our masons are ICPI (Certified) for the installation of pavers, patios, driveways, and walkways. We strictly enforce and comply with OSHA regulations regarding internal and worksite safety procedures. Plus, we are fully licensed and insured members of The Better Business Bureau (BBB)—*oh, it matters!*

# NATURAL STONE VENEER

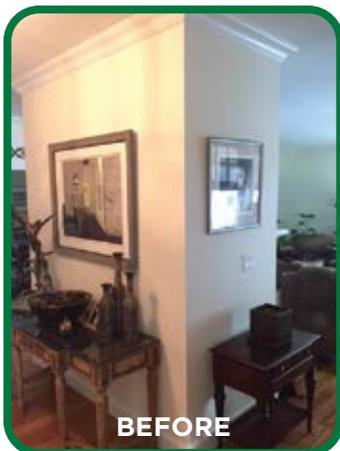

Today's thin stone veneer is lighter weight and faster to install compared to full stone, making it ideal for many interior and exterior surfaces at your home or business. Providing strength and durability, stone veneer offers many design options for a distinctive look.

Natural stone veneer is a great choice for your home's siding, foundation, fireplaces, chimneys, and columns. Along with veneer, Torrison Stone & Garden's expert masons can also install procelain and tile, from backsplashes to flooring.

## WE ROCK INDOORS

Bring the beauty and durability of natural stone inside your home. Let us help you envision your project now - accent walls, fireplaces, hearths, and flooring. Using veneer design software, we can show you how your project CAN LOOK with different thin stone veneer options.

# STONE MAINTENANCE

**RESTORE. REPAIR. REVITALIZE.**

## PROTECT YOUR INVESTMENT WITH PATIO PLUS

We are pleased to offer Patio Plus - a restoration, repair and maintenance service available to everyone, even if we didn't install your patio or walkway. When paving materials start to shift, settle and show their age, our repair specialists have the tools, knowledge, and equipment to restore them to their original beauty. In the long run, we want to save you time, money, and keep your new or old installation looking great!

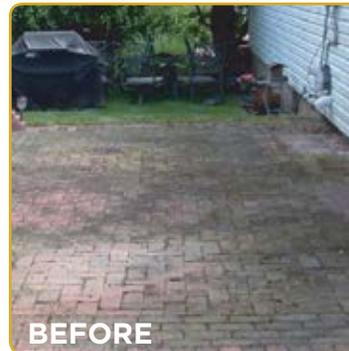

**Homeowners may not realize it, but basic maintenance is vital to prevent bigger repairs in the future. And while we can restore these areas, it's MUCH easier and less costly to maintain them before serious damage occurs.**

## YOUR LANDSCAPE SPECIALIST

Are you ready to inject some color and texture into your outdoor spaces? Torrison Stone & Garden creates stunning hardscapes and softscapes designed to surround you with beauty that suits your lifestyle. **We will consider every element of your project matching every budget and creative vision!**

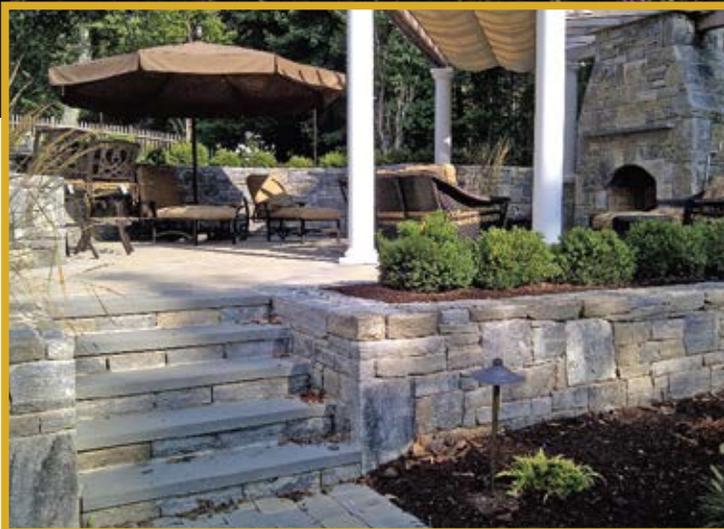

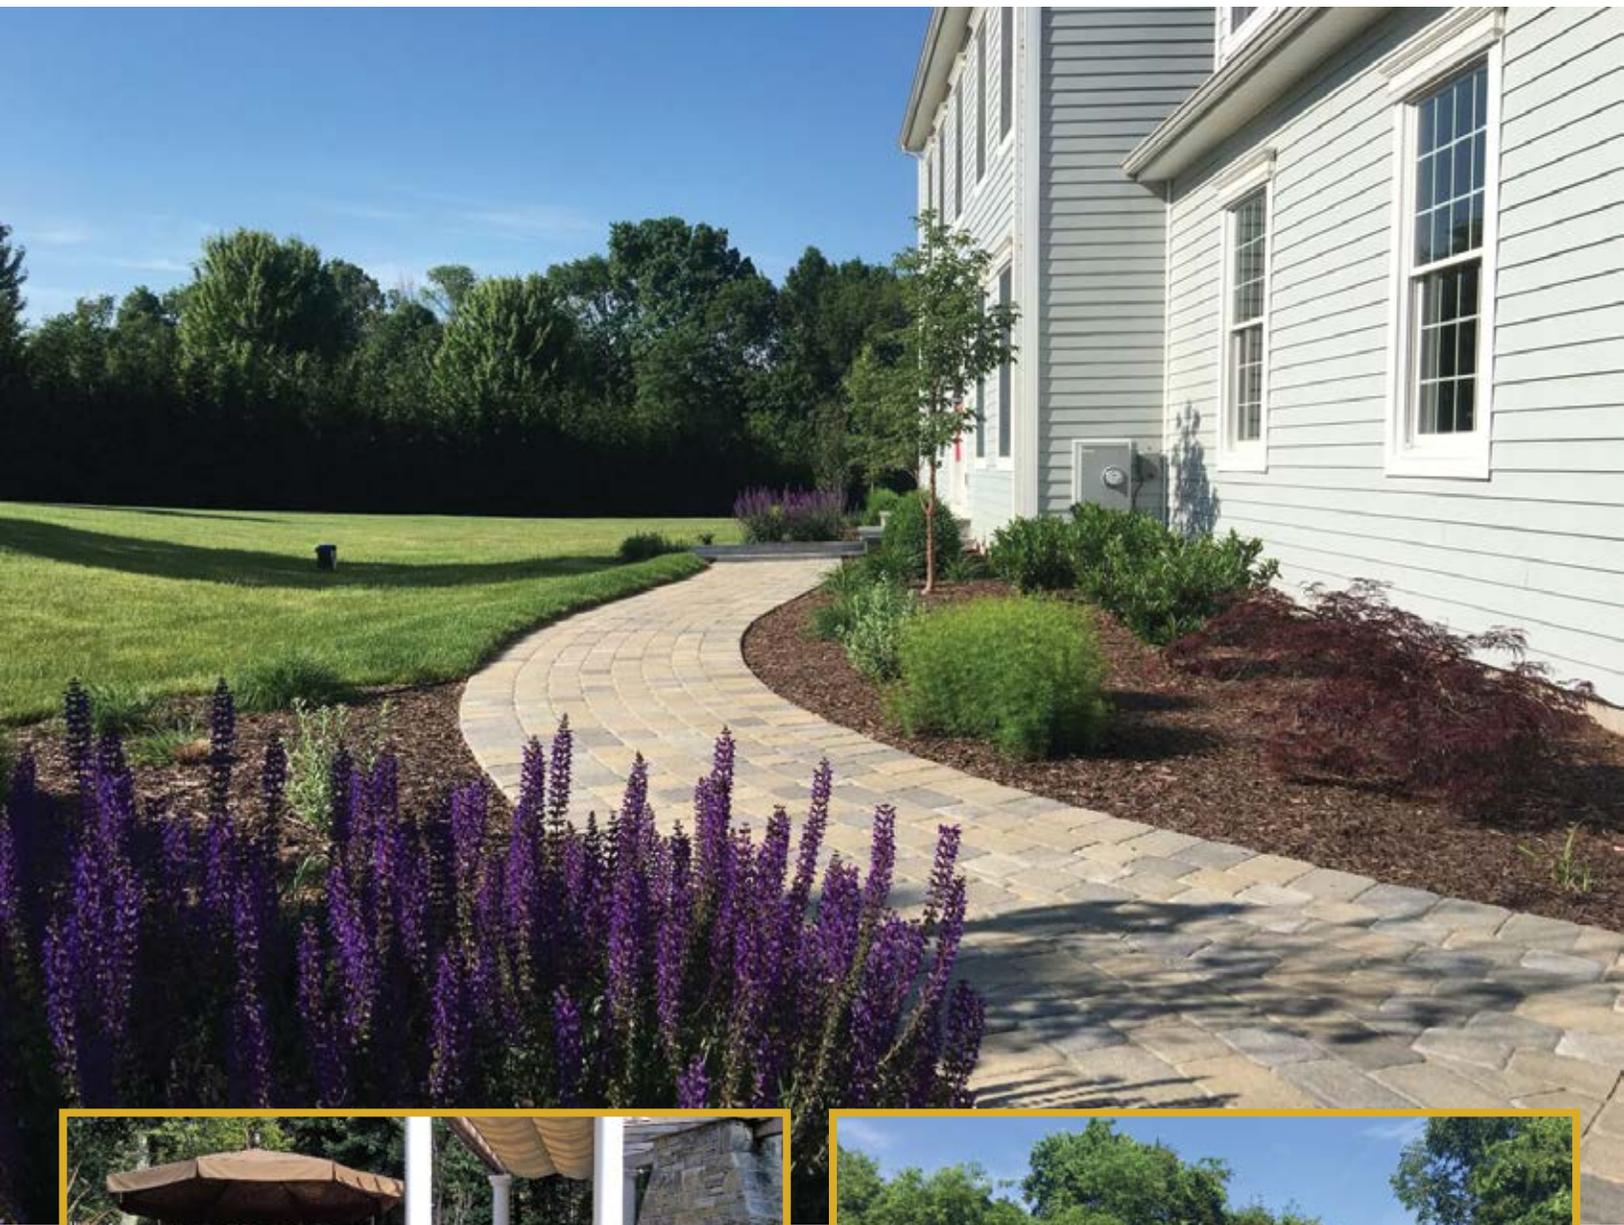

Our knowledgeable, licensed landscape architect will work with you to design your dream landscape. We will not only transform your property into the yard you've always wanted, but we will design it to look great for years to come.

# INCREASE YOUR HOME'S VALUE

---

Enhancing the curb appeal of your property with thoughtful, attractive landscaping can greatly increase your home's value. Landscape projects rank among the most budget-friendly enhancements homeowners can make to their property and boost resale potential when the time comes. **Until then, get out there and enjoy!**

## NEED A LITTLE INSPIRATION?

### Work Directly with Our Landscape Architect

**Brian Murphy, PLA, ASLA**  
**Licensed Landscape Architect**  
**Connecticut Accredited Nursery Professional, CNLA**

Since 2000, Brian has been working with clients in all phases of landscape architecture and has extensive experience in design, planning, construction and project management.

### Why Do I Need a Landscape Architect?

Too often, landscape projects are pieced together by different individuals resulting with a mismatch of ideas and materials and, ultimately, the wrong aesthetic for your home. Working with a Landscape Architect from beginning to end ensures the most beautiful result by bringing together all project elements into one seamless design. And by getting it right the first time, clients save time and money from costly mistakes and miscommunications.

*"Every landscape brings a unique opportunity to create one-of-a-kind spaces, whether they be beautiful, functional outdoor rooms or manicured garden backdrops. I help our clients transform their visions into reality, big or small, and realize the untapped potential of their landscape as a true extension of their living space."*

# YOUR VISION REALIZED IN 3D

When designing your custom landscape plan, let us bring it to life with a **3D Design Plan**. Using this video technology, we can render your outdoor spaces incorporating all stone and landscape elements. You will see vivid detail including stone and paver materials, trees, shrubs, plants, mulch, and outbuildings. We can show you exactly how a material will look before we finalize your plan and make changes on the fly, giving us ultimate control as we envision your project together.

# ABOUT US

The Torrison Stone & Garden Team

Tyler Gerry, Owner

## COMMUNITY

Torrison Stone & Garden believes in giving back to the community because, hey, we live here too! Here are just a few of our local initiatives:

We award our annual Triple Threat Scholarships to local high school students who maintain a high grade point average while playing three sports.

We support the Durham Fair in a variety of ways.

We contribute to local schools and charitable organizations.

Since 2000, owner Tyler Gerry has grown Torrison Stone & Garden to become a full-service landscape construction and design company. Our team includes over fifty employees with many years of masonry and/or landscape expertise. Customer service is our first priority and your experience with every member of our team should be a positive one from a simple call to our office to making sure your yard is debris free after our work is completed. Our reputation is built every day and we want you to feel that you made the right decision in choosing us. Whether it's repairing your stone walkway or creating the outdoor room you've always wanted, Torrison Stone & Garden is honored to be considered for your next project. And remember, we always provide FREE ESTIMATES!
